I couldn't wait any longer at the D.O.E. at their meeting. From what I heard, too many people who favored Yucca Mt. project seemed to be given priority to speak. The speakers who were not for Yucca Mt. did not always have a speech prepared, as did the others. The people in charge had a quiet arrogance. After 2 hours, I came home 15 minutes away from there and chose to watch it on channel 1, as I noticed many other locals did. When I arrived at the D O E at 6 PM, I was told to sign in to speak, which would have taken hours of waiting with many ahead of me, or sit down and listen. Typical of the military structure
